

BIS Card Generation Workflow

- BIS Operator will login to BIS portal with URL as <https://beneficiary.nha.gov.in/>

The screenshot shows the login interface for the BIS Card Generation Workflow. The background features a collage of diverse Indian faces. A prominent banner at the top left reads "अब 'आयुष्मान कार्ड' बनाना हुआ और भी आसान" (Now 'Ayushman Card' can be applied for easily). Below this, smaller text states "अब लाभार्थी UTIITSL केन्द्रों पर भी PM-JAY के तहत अपना 'आयुष्मान कार्ड' बनवा सकते हैं". Logos for the National Health Authority and the Ministry of Health and Family Welfare are visible. On the right, a large callout box asks "Are you a Beneficiary?". It contains instructions: "To checkout if you are a beneficiary, you can login here using your mobile number. If you are already a beneficiary, please login using member id to get self service portal". Below this is a "Login as" section with radio buttons for "Beneficiary" (selected) and "Operator". The "Mobile Number*" field is populated with "8224" and has a "VERIFY" button next to it. The "Auth Mode*" dropdown is set to "Select". At the bottom right of the login form is a "LOGIN" button.

- AADHAAR based OTP login works on this portal and operator may enter AADHAR OTP :

The screenshot shows the login interface for the BIS Card Generation Workflow, specifically for Operators. The background and banner are identical to the Beneficiary version. A callout box on the right asks "Are you a Operator?". It provides instructions: "To checkout if you are a Operator, you can login here using your mobile number." The "Login as" section includes radio buttons for "Beneficiary" (selected) and "Operator". The "Registered Mobile No/User ID*" field is populated with "8224" and has a "Clear All" button. The "Authentication Mode*" dropdown is set to "Aadhaar OTP". A message below states: "OTP has been sent to your aadhaar registered mobile number *****8224". The "OTP" section contains a "Type Here" input field and a "RESEND OTP" button. A note says "Click on Resend OTP after 174sec". The "Captcha*" section includes a text input field with "Enter the text" placeholder and a CAPTCHA box containing "xwrbwm". At the bottom right is a "LOGIN" button.

- After entering the OTP, BIS Operator Dashboard will open as below along with option to search for beneficiary family as shown below:

Ayushman Bharat Pradhan Mantri Jan Arogya Yojana

- Clicking on Action button to do e-KYC will open page as below, giving option to do e-KYC using AADHAAR OTP, Finger Print and IRIS Scan:

The screenshot shows the Beneficiary Portal e-KYC interface. At the top, there are navigation icons and a search bar. Below the header, a user profile is displayed with a placeholder image, gender (29Yr | F), relationship (DAUGHTER), and source type (Source Type: PPP). To the right, personal details are shown: Aadhaar Number/Virtual ID (XXXX XXXX 1835), Family ID (8AP [REDACTED]), Address ([REDACTED]), Member ID (ZAC [REDACTED]), and Aadhaar Status (IDENTIFIED). Below this, an e-KYC section offers three verification methods: Aadhaar OTP, Finger Print, and IRIS Scan. A 'BACK' button is at the bottom right.

- Last 4 digit of AADHAAR will also populate in order to identify the beneficiary as shown below since Haryana's data is already AADHAAR seeded:

This screenshot shows the same e-KYC interface as above, but with a key difference: the Aadhaar Number/Virtual ID field now contains the value "XXXX XXXX 1835". The rest of the profile and status information remain the same, including the Aadhaar Status box which still says "IDENTIFIED". The "REFRESH" button is visible in the center of the page.

- After selecting e-KYC mode, Operator would see details something like this and live photo has to be captured for the beneficiary hence you need to have a portable web-cam at your Ayushman Kiosk along with FRS Device or IRIS Device:

Fields		Source Details	Aadhar Details
Name		[REDACTED] NI	[REDACTED] ANI
Father's Name		[REDACTED] RUP	[REDACTED] AL
Mother's Name		-	-
Gender	Male	Male	Male
